OF NORTHEAST KANSAS 

Imagine being forced to flee your country due to fear of being tormented or even killed for who you are and what you believe. You must leave the place you call home, the family and friends that you love, your job and familiar surroundings. This is the story for the nearly 400 refugees who are resettled by Catholic Charities of Northeast Kansas each year.

WHO IS A REFUGEE?

A refugee is someone who has been forced to flee his or her country because of persecution, war or violence. A refugee has a well-founded fear of persecution for reasons of race, religion, nationality, political opinion or membership in a particular social group. Most likely, they cannot return home or are afraid to do so. War and ethnic, tribal and religious violence are leading causes of refugees fleeing their countries.

WHERE DO REFUGEES WE SERVE COME FROM?

Catholic Charities is one of four resettlement sites throughout the state, and the only one in Johnson and Wyandotte counties. It settles refugees who have no family or friends around, as well as "U.S. tie" cases, meaning that refugees are united with someone they know who has already settled in the area and can provide some assistance. The majority of refugees that we serve are fleeing from Burma, Congo, Somalia, Bhutan, Iraq, Eritrea and Iran.

Moving to a new country is challenging. Refugees must learn a new language and understand a different culture while striving to establish themselves. Volunteers are needed to:
